

Bedadhaluri Mahammad Shaheed

Software Engineer – Java

mshaheed.work@gmail.com | LinkedIn | 7396476851

Summary

Software Engineer with strong proficiency in Java and experience building backend applications using Spring Boot, REST APIs, and MySQL. Solid foundation in Data Structures, Algorithms, and Object-Oriented Programming. Hands-on exposure across SDLC including requirement analysis, development, testing, and deployment of scalable backend systems.

Technical Skills

Programming: Java

Backend: Spring Boot, REST APIs, JDBC, Servlets, JPA, Hibernate

Frontend: HTML5, CSS3, JavaScript, React.js

Databases: MySQL, SQL (CRUD, Joins, Indexing)

Core CS: Data Structures, Algorithms, OOP, Design Patterns

Testing & Build: JUnit (Basics), Maven

Tools: Git, GitHub, IntelliJ IDEA, Eclipse

Concepts: MVC Architecture, SDLC, Debugging, API Integration

Freelancing Experience

Freelance Full Stack Developer – Sunrise Marketing Solutions

- Developed and deployed a responsive business website based on client requirements.
- Implemented backend connectivity and database integration for dynamic content handling.
- Collaborated with stakeholders, performed testing, and delivered production-ready features.
- **Tech Stack:** Html, Css, SQL, Spring Boot, JPA | **Live:** sunrisemarketingsolutions.vercel.app

Professional Experience

Backend Developer – Fortunes Trust

2025

- Designed and developed RESTful APIs using Java and Spring Boot following layered architecture.
- Implemented MySQL-based CRUD operations with validation and exception handling.
- Contributed across SDLC phases including development, testing, debugging, and deployment.

Web Development Intern – SkillForge

2024

- Built and integrated frontend components with backend services through REST APIs.
- Assisted in debugging and improving backend logic performance.
- Supported testing and issue resolution to ensure stable feature delivery.

Projects

AI-Based Magazine Creator and PDF Generator

2025

- Developed backend services to generate structured content and automated PDF outputs.
- Designed REST APIs and implemented MySQL persistence using JPA and Hibernate.
- **Tech Stack:** Java, Spring Boot, REST APIs, MySQL, JPA, Hibernate, Maven

GrowWise – Smart Advisory System

2024

- Built rule-based business logic using Java and applied efficient data handling techniques.
- Implemented modular design principles to improve maintainability and scalability.
- **Tech Stack:** Spring Boot, REST APIs, MySQL, JPA, Maven, Js, HTML5, CSS3

Achievements

- IEEE Project Recognition – AI-Based Magazine Creator and PDF Generator
- NPTEL Certification – Design and Implementation of Human Computer Interaction
- Developed algorithm-based AI Lane Line Detection Prototype

Education

Bachelor of Technology (B.Tech) – Computer Science and Engineering

2021 – 2025

Vel Tech Rangarajan Dr. Sagunthala R&D Institute of Science and Technology, Chennai

CGPA: 8.22
